TOTONAC INDIAN MINISTRIES

Totonac Church-to-Church program

The mission of the Totonac Church-to-Church program is to bring together churches in Texas willing to give spiritual and financial support to churches in Mexico. Individuals or groups can support a pastor in one of the many congregations of new believers that are springing up from the Totonac radio ministry in Mexico.

Helping Local Churches and Fellowships - We believe strongly in the local church fellowships and our ministry is geared to assist it through the "Church-to-Church" program. The basis of the program is to establish meaningful relationships between churches, pastors and their members.

Assisting Pastors - Through our program we are able to assist struggling pastors; relieving them of the financial burden, and encouraging them to devote their time in reaching the lost and building up their communities.
